TUESDAY, OCTOBER 18.

FOR DELEGATE TO THE 56TH CONGRESS PEDRO PEREA. OF BERNALILLO.

The election of a Republican dele gate to congress and a Republican legislature means greater prosperity to New Mexico.

Those best posted on affairs in Dona Ana county assert that the county will elect the entire Republican ticket next month by majuorities from 300 and up. So mote it be and so will be.

The moon may be made up of green cheese, and so may the Union party officials and board of county commissioners of San Miguel county be honest, law abiding and faithful officials,

Rio Arriba county will give the largest Republican majority in its history on the 8th of November next. It will reach 500 and may go higher. The result at the polls three weeks form now will prove this statement correct.

Those persons who think that Delegate H. B. Fergusson will be re-elected are very easily satisfied. But disappointment is in store for them, as the voters of the territory have about made up their minds to retire him to private life.

Republican newspapers of the territory are making a vigorous and tory of the world no chapel has been so nominee for delegate and for their respective legislative and county tickets The result will be victory on the 8th of November; mark the prediction!

The sending of more troops to Manila is rather significant at this time. The peace commission at Paris has not arrived at any basis for the treaty of peace between the United States and Spain, and it is evident that this government intends to be prepared for any emergency.

France has concluded, after carefully considering the matter, that she does not care particularly for the Upper Nile country and that Great Britain may have Fashoda and the surrounding country. Very considerate of France not to cause her neighbors across the channel any trouble over the Experian question at the present time

timb prices for sheep and better prices for wool are the direct results of Republican tariff laws. That fact will he horne in mind by the voters when they go to the polls on November 8, and a majority for protection, good government and an economical adminis tration of county and territorial affairs will be rolled up which will re fleet credit upon New Mexico.

The Democratic convention, a few days ago, that nominated Mr. Fergusson as the bosses' candidate for dele gate to congress, was noticeable for the number of strong and well known Democrats who falled to attend it. But one delegate was present from the counties of San Juan, Taos, Rio Arriba and Lincoln. But nevertheless, the Democratic newspapers talk about the glorious enthusiasm among the Democratic voters of New Mexico. Bosh, blow and wind!

The Republican party of this territory has been supplied by the Demo cratic campaign bosses and the Dem ocratic papers in the territory with the weapons which will defeat the Democratic nominees in a majority of the counties of this territory. They have started a race fight on the Republican candidate for delegate to congress, believing that this despicable, cowardly and mean game would not be discovered. But it was discovered and the jig is up. The people of this territory, regardless of birth place, cannot be fooled by such an unpatriotic and sinis ter course. Election day will show tha this statement is correct.

The story which comes from Dawso City that two of San Francisco's society belles have been digging gold with their "own fair hands" seems to have created a sensation on the coast, as being the first instance known of women digging for gold. The old saying that "There is nothing new under the sun" absolute accuracy. Eastern society and are successful, as the state of their husbands' pockets testify the next

Santa Fe New Mexican Every day is the political situation in lican administrations have been a New Mexico improving for the Repub. dampener on the present protectionists icans. Our Democratic friends, the in the Democratic ranks in the terrinemy, may not believe this, but none tory. Most people can tell the differare so blind as those who will not see.

> This is the kind of rot our more or less esteemed contemporary, the Albamerque Democrat, expects the people to swallow and believe:

into the territory.

the territory many years before this crowd of alleged statesmen came to New Mexico, are now scared at the fearful spectre and are accusing the Republican newspapers of having raised the issue. Go to! Facts are facts From a Republican stand point, and it good Republican doctrine, one citizen of this country is as good as any other, regardless of the question of race, religion or nativity. From a Democratic stand point it is well known that such is not the fact. The Republians will act upon their avowed doctrines in this campaign. The Demorats can have all the good their fight on Mr. Perea will bring them because he is a native born citizen of New Mex They are welcome to it.

#### Who Received the Boodle?

Out of the \$80,000 or more in county outhers received in payment of taxes, which the law says shall be paid in ash, by the board of county commis ioners of San Miguel county, someoody made a pile of money. Indeed, this is estimated to run as high as thirty of forty thousand dollars; now who made this money? Common sense tells people that it must have been some one who had an official pull. De you see the connection? Two and two make four. It was easy enough to buy up a newspaper with money filched from the tax payers of that county, and it was also very easy to hire defenders and lawyers. But then the people will have their inning pretty oon, and by and by a grand jury will investigate these matters, although the boodlers claim that they have plenty of money, made out of the tax payers and know how to protect themselves There is no doubt that the gang in San Miguel county has had plenty of experience in manipulating juries, but there is another day dawning and these things will not come easy. To be sure, they come easy under Democratis judges of that district, but there is a

### What is the Kaiser's Real Object?

own good time.

The emperor and empress of Germany and their attendants are on their way to Jerusalem. Thus the tour, or crusade, or whatever it may prove to be, is under way and all this gorgeousness and expense that the kalser may have the pleasure of being present at the dedication and consecration of the little Lutheran church which has been ical move has ever been masked by se simple and naive a pretext. For not only does the kaiser wish to be considered as a sort of protestant pope over the Lutherans of Palestine, but he would even relieve the pope at Rome of the trouble he now has in communicating with the Roman Catholics in and around Jerusalem by way of the French embassy in Constantinople. His suggestion that the porte place a legation at the vatican is displeasing to France; however, it may not have been acted upon. Nevertheless, the moral significance of his visit will be great. His imperial majesty has this delight ful alternative: Either he can pose as the champion of the Christian religion against the Moslem, or he can back up the sultan against the uncertain European concert. Which will he do, and how long can he keep his intriguing from the knowledge of the other pow

## Prospects for Republican Success Grow

Brighter. Three weeks from today the election ccurs, and in that time should the campaign continue to develop as many favorable conditions for the Republicans as the past three have, the result of counting the votes will be a decided jug-handled affair.

A few months ago many people in the territory were willing to concede the election of the Democratic candidate for delegate to congress, and that the legislature was considered in doubt But recent developments have changed all this, and there is no longer any question concerning the election of Hon. Pedro Perea and a majority of the members of the 33d legislative assembly by the Republicans.

There are many reasons for the hanges which have taken place so rapidly, and all of them are natural. In the first place, while openly decrying a race issue, the Democrats were working that dodge on the undercurrent assiduously. When that subterfuge was first started on its rounds the effect was quite apparent But when the Republican convention in Albuquerque nominated Mr. Perea native citizen of the territory, a friend of the people, and a man in whom nine out of every ten persons in New Mexico place implicit confidence the deception practiced by the Democrats became so plain to every one that the revulsion of public sentiment carried many persons who had before openly declared themselves for Mr.

Pergusson, into the Republican party Then the attitude of the Democratic party on protection to wool is becoming better understood every day. The claim that the sheep men of New Mexico were indebted to a Democratic delegate for the present tariff upon wool would no doubt be effective, but the record of the Democratic party on the can be quoted in this connection with tariff question is too well known for very many voters to be deceived by women dig for gold every few nights any such tommy-rot. The comparisons which are being made of prices received for sheep and cattle and farm produce under Democratic and Repub-

ence between white and black, even though they may be blind so far as other colors are concerned.

In legislative and county matters the changes have been as great as those in the campaign for delegate, for obvious reasons. County matters must "Mr. Fergusson is the best friend the be honestly and fairly administered by sheep men of New Mexico have today whatever party is in power, in order to He is to be credited with the securing retain the respect and confidence of the of that measure which placed such a protective duty upon the price of our wools as brought thousands of dollars Mexico it is notorious that Democratic and Union party officials have openly violated the law under the excuse that The Democratic campaign managers the laws are wrong, and therefore are and papers, having started the cry of not to be regarded. When county offirace against the Republican candidate cials set themselves up as law makers for congress, a man who is a native of (and unmakers) it is time for a change, this territory, born years after it be. and if the reports coming from the came part of this great country, and counties where these practices prevail who was here battling for the good of are to be relied upon, there will be a change the moment the voters get a whack at the offending party. It is also becoming thoroughly under

stood that the best interests of the territory demand the election of a Republican legislature. Statehood is desired, outside capital is needed to develop the resources of New Mexico, and to secure these needed and desired results confidence must be established in the territory and its people. The vagaries of the Democratic party are too well known for capital and members of congress to place much faith in a territory which elects a Democratic legislature. Taking everything into consideration he prospects for the success of the

#### Will Elect Him By a Large Majority. (Silver City Enterprise.)

omplaint can be made.

tepublicans are very assuring, and n

Ancheta, candidate for the coun il, has held the position on former oc casions, and the people of Grant county have no fault to find with his work on these occasions, and will elect him this ime by a large majority.

# Barnes Will Make a First Class Mem-

Silver City Enterprisa. Richmond P. Barnes, candidate fo the lower house of the legislature, is too well known to the people of Grant county to need any special introduction. He will make a first class member of th legislature and will look after the inter sts of the people well.

#### Republicanism and Protection Versus Democracy and Free Trade.

Socorro Chieftain In the latter part of Democratic fre rade administration, cows and calves sold as low as \$3, per head in Socorro county, sheep sold for 50 cents cow men, individuals and corporations, went broke. Sheep men could not afford o shear their flocks. Lead went down to \$2.40 mines and smeiters closed down, miners and furnace men walked out of country; within one year from the day the Republican party regained control of national affairs, the change came; cows and calves were worth \$15 per head, sheep went up to \$1.75 and \$2. vast change for the better. All in its and today yearling steers are selling for \$12 and \$15 per head and a cow and ealf is worth \$30. Lambs are now selling for \$2, and as high as \$2.15 per head: wool is worth from 10 to 18 cents per pound: lead is worth \$3,90 per cwt. Mines are in operation, mills and reduc-tion works are being built and operated.

What brought about this change? The moss backed Democrat will tell you "changed conditions." Certainly, but erected in the famous city! In the his-tory of the world no chapel has been so tions. Take the tariff off cattle today campaign for the Republican honored. Probably no important polit- and see how soon the present prices will drop. Take the tariff off of wool and see how long your sheep will be a paying investment. Let lead come in freof duty and see your mines close down

## Pedro Perea, Republican Nominee for

Delegate.

Silver City Enterprise. The Republican nominee for delegate to congress, Pedro Perea, is one of the substantial business men of Bernalillo, He has served the territory well and faithfully as a member of the legislature on several occasions, and his record for retrenchment and economy stands to his credit with the tax payers of the territory. His record in the legisative halls of New Mexico redounds to his credit an hundred times more than mere praise from the friends he has won by his consistent and meritorious work for the general welfare of the tercitory. That record stands as a monument to his merit, solid as a rock it annot be truthfully assailed from any point. Neither political influence nor the persuasion of friends ever caused him to swerve from the strict path of duty to his constituents and the best interests of the territory at large. Time and time again has he ignored the solicitations of friends and behests of party enders and opposed the passage of bills which were counter to the public weal. Even local or personal interest would not influence him to vote for any measure that did not have a general good effect. He made no discrimination as to whether it were the project of his own political party or that of the opposition. Pedro Perea is the people's candidate rather than the candidate of any political party, and as such candidate deserves the suffrage of every progressive citizen of the territory.

#### H O. Bursum for the Council from So corro and Sierra Counties.

(San Marcial Bee.) candidate for the council from the district comprising Socorro and Sierra counties is Sheriff H. O. Bur-sum. In political life Mr. Bursum is probably the best known man in the two counties He is a man of force and influence, keen, cool, aggressive and full of determination. Twice in cession he has carried this county large majorities for the office of sheriff, and his ambition to occupy a seat in the upper house of the territorial legislature will be gratified in no uncertain manner, if the present sentiment of the voters undergoes no

tute the highest branch of our legis-lature none will be able to exercise more influence in the direction of bene-ficial legislation than Mr. Bursum; his thorough knowledge of the needs of New Mexico, his complete understand-ing of the requirements of its citizens and his earnestness in behalf of reform where errors exist, stamp him as the proper man to occupy the position of senator. Under the present law the taxes on sheep and cattle can only be levied in the county where the owner makes his home. The result is that not less than 100,000 sheep range in Socorro county each year, from neighbor-ing counties, where their owners reside, and not one cent of taxes is recorded against them as an evidence of this moving wealth in either county. Mr. Bursum is in favor of a law that will enable such flocks to be taxed each

# Little Pimples Turn

to Cancer. Cancer often results from an im-purity in the blood, inherited from generations back. Few people are entirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded Cancer. What has appeared to be a mere pimple or scratch has developed into the most malignant Cancer.

"I had a severe Caneer which was at first only a few blotches, that I thought would theer which was at live, that I thought would soon pass away. I was reasted by several able physicians, but in spite of their efforts the Can-cerspread until my con-dition became alarming. After many months of he medicine, and in our months the last litand not a sign of the dis

It is dangerous to experiment with Cancer. The disease is beyond the skill of physicians. S. S. S. is the only cure, because it is the only remedy which goes deep enough to reach Cancer.

# S.S.S. For Blood

(Swift's Specific) is the only blood remedy guaranteed Purely Vegetable. All others contain potash and mer-cury, the most dangerous of minerals. Books on Cancer and blood diseases mailed free by Swift Specific Company, Atlanta, Georgia.

year, and in the county where they generally range, regardless of the place of residence of their owner. To illus-trate: When the assessor of Sierra county goes his rounds he finds the bulk of the flocks in Socorro county, and about the time the Socorro county assessor is due to do business, he finds the same sheep have been driven into Sierra county, and escape taxation en-tirely. And this argument applies to

other counties as well.

Mr. Bursum also favors a change in
the law regarding the control and management of acequias. Under the exist-ing law a great deal of discord is cre-ated from time to time because the powers of the mayor domos are limit-ed. Mr. Bursum would extend the au-thority of these officials in governing the water ways, and believes that greater harmony and corresponding benefits to the users of water would

He has also in view the remodeling of the present school law. By grafting and pruning, so to speak, Mr. Bursun and pruning, so to speak, Mr. Bursum would give the people a school law that would enable every district to have better educational facilities at less expense than under the present law.

Mr. Bursum's platform, if we may call it such, is a safe one to stand upon, both for himself and the people, and it is clearly the duty of the voters to elect him senator, and be ready to receive the benefits that would accrue to them in consequence.

ONE FOR A DOSE.

JOSE D. SENA.

## REPUBLICAN PLATFORM

The Republican party of the territory of New Mexico, in convention assembled at Albuquerque, on the 1st day of October, A. D. 1898, reaffirms its faith in the declaration of principles set forth in the national Republican platform of 1896; and it is with noide that we can again and it is with pride that we can again point to the fact that under a Republi-can administration public credit has been restored, industry revived, factories and workshops reopened and pro-tection given to American interests, un-der which the people are enjoying re-newed confidence and prosperity.

We most heartly indorse the Dingley tariff law, enacted by a Republican con-

tariff law, enacted by a Republican congress, despite the persistent opposition of the Democratic party. Under that law the sheep and wool and live stock interests have been greatly benefited, and the wealth of this territory benefited by many millions of dollars.

We believe in sound money, and in a volume of money sufficient for all business demands. The policy of the present administration in giving employment to labor, and protection to our various industries is a solution of the financial question. We are opposed to all financial heresics which call for cheap money, believing as we do that all money, believing as we do that all money issued by the government should be of uniform and equal value.

We congratulate the country upon the great success of the present national ad-ministration, in which our president has distinguished himself as a statesman and a patriot in dealing with do-mestic and foreign affairs; and in which ne has shown so much wisdom in up

he has shown so much wisdom in upholding the honor of this nation
We heartily approve the wisdom of
the annexing of the Hawaiian islands,
and we favor the retention by this government of all teritory acquired by our
army and navy where justice and humanity demand it. We favor the construction of the Nicaragua canal under
the immediate supervision and exclusive control of the United States government, the necessity for the canal ernment, the necessity for the canal having been more strongly emphasized by recent events. We congratulate Governor Otero upon

the success of his administration and commend him for his efforts in behalf of good government and the advancement of the material and financial interests of New Mexico, both at home and abroad, and we tender to the president of the United States our thanks for the of the United States our thanks for the appointment of a governor from the ranks of the people, a man who by reason of his lifetime residence in New Mexico, and of his intimate acquaintance with the needs of our people is best able to perform the duties of an executive in this territory.

able to perform the duties of an executive in this territory.

We heartily indorse the present Republican administration in all of its branches During the brief period in which the present executive has occupied the position he fills, New Mexico has attained a place in the hearts of the American people never before accorded to the present the property of the present the property of the property of the property of the present the property of the property of the present the property of the p it. The patriotism of citizens in send-ing forth a larger proportion of soldiers to the Spanish-American war than is to the Spanish-American war than is redited to any other state or territory, and the bravery of our soldiers displayed on the field of battle, are a guarantee of our right to full citizenship in the American union. We point with pride to the immortal record made by the New Mexico squadron of "Rough Bilders" in the battles of Le Guai na the New Mexico squadron of "Rough Riders" in the battles of La Guasi na and San Juan, by which was established the intelligence, patriotism and informitable courage of our people, and where-in they have won for themselves the ad-miration of the civilized world, and ten-ier to the relatives and friends of those der to the relatives and friends of those who fell in the struggle for humarity, justice and civilization, the heart'elt sympathies of a grateful people. We congratulate the nation on the re'urn of peace, and heartily indorse President McKinley upon the careful, patriotic and successful manner in which the dignity of this nation has been preserved in the war with Spain.

We congratulate the people of New Mexico upon the appointment by the president of the present able and fearless judiciary, and commend the members thereof for their devotion to duty and their unswerving interest in the ad-

and their unswerving interest in the administration of justice.

The present congress of the United States is Republican in politics, and any acts of that body favorable to New Mexico are Republican measures and cannot be credited to the efforts of a Democratic delegate from this territory. ratic delegate from this territory.

The attitude of the Republican party of New Mexico has always been consist-A convention of the Republican voters of the county of Santa Fe, is hereby called to meet at 10 o'clock, on the morning of Thursday, October 27, 1898, for the purpose of nominating a Republican county ticket, for the county of Santa Fe, to be voted for on the 8th day of November, 1898.
